

Sexual Assault Support Center, Inc. D.B.A. The Center at 909 Annual Report

A word from the director...

Executive Director Kyle Bair on 2019 & what's next

2019 has proven to be an exciting and inspirational year for The Center at 909. While we have seen despair within our community, we have also seen resilience and triumph. This bravery has inspired us to grow The Center into the center that our community deserves.

With the addition of the medical forensic examination (MFE) room, survivors are able to have an examination performed to collect evidence in a comfortable environment. The Center's Suite B therapeutic center opened with a safe space for survivors to relax, speak with an advocate, and/or to attend support group.

We are looking forward to the beginning of our TEAL (Teach, Engage, Awareness, Lead) Project where teens will learn about healthy relationships, a support group for teen survivors, and Sexual Assault Awareness Month's special project, Patient: 909.

As Director of the Center for 21 years this month, I am so proud of all that we have accomplished, and so very thankful of all who have encouraged and supported us through the years.

Thank you, thank you, thank you!
